

Lawyer Dr. Reiner Fuellmich Interviews Vera Sharav on Historical Ties of the Unfolding Medical Tyranny to the Holocaust ,

Vera Sharav, Nazi regime survivor- Testimony -19th of March 2021.

Vera- My perspective is different from others, as a child survivor of the Nazi reign of terror, I learned indelible lessons about the nature of evil, I know the consequences of being stigmatized and demonized as spreader of disease. My perspective is informed by experience by historical record and by the empirical evidence. We were required, as Germans know, to wear a yellow star of David, to identify us, to segregate Jews, exclusionary laws barred families from normal life, ending ordinary activities. Our property was impounded, we were forbidden to participate in all education, religious, public, cultural gatherings, travel was forbidden for Jews, so there was no escape.

These painful memories from my childhood sensitised me to the threat posed by current restrictive government dictates, now in 1776 Benjamin Rush, a Doctor and signer of the Declaration of Independence, foresaw the danger of medicine organized as what he called an undercover dictatorship.

Under the Nazi regime moral norms were systematically obliterated, the medical professions and institutions were radically transformed, academic science, the military, industry and clinical medicine were tightly interwoven, as they are now.

The Nazi system destroyed a social conscience, in the name of public health, violations against individuals and classes of human beings were institutionalized. Eugenics driven public health policies replaced the physicians focus on the good of the individual. German medical professionals and institutions were perverted, coercive public health policies violated individual, civil and human rights, criminal methods were used to enforce policies. Nazi propaganda used fear of infectious

epidemics to demonize Jews as spreaders of disease as a menace to public health, this is a hallmark of anti-semitism, blame the Jewish people for existential threats, in the middle ages, Jews were blamed for Bubonic plague, and the Black plague, Fear and propaganda were the psychological weapons, which the Nazis used to impose a genocidal regime. And today, people are beginning to understand why the German people didn't rise up, fear kept them from doing the right thing.

Medical Mandates today are a major step backwards towards a fascist dictatorship and genocide. Governments dictate medical interventions, these undermine our dignity as well as our freedom. First it was vaccination mandates for children, now it's for adults.

The stark lesson from the Holocaust is that whenever doctors join forces with government, and deviate from their personal professional and clinical commitment to do no harm to the individual, medicine can then be perverted from a healing humanitarian profession to a murderous operandus. The reason why the Greeks made the students of medical schools, before they were allowed into medical schools swear the Hippocratic oath, was because they knew in medicine you gain knowledge about how you can actually kill, so they had to promise they would do no harm otherwise they weren't allowed in medical school, I think they were ahead of us in understanding human nature.

What sets the Holocaust apart from all other mass genocides is the pivotal role played by the medical establishment, the entire medical establishment. Every step of the murderous process was endorsed by the academic and professional medical establishment. Medical doctors and prestigious medical societies, and institutions lent the veneer of legitimacy to infanticide and mass murder of millions.

[T4](#) was the first industrialized [medical murder project](#) in history, the first victims were [disabled](#) German infants, and children under 3, they were identified by midwives who reported their existence to the state, the next victims were the mentally ill, followed by the [elderly in nursing homes](#). The [murderous operations](#) were methodical and followed protocol very carefully. Questionnaires were sent out to all psychiatric institutions, requiring detailed information about each patient. A committee of 54 psychiatrists made [final life and death decisions for each patient](#). The objective of [T4](#) was to eliminate the economic burden of those that the doctors and the regime deemed worthless eaters and it was also to empty beds to make room for wounded soldiers during the war. [T4](#) also served as a testing ground, for various lethal chemicals and pharmaceuticals.

The financial beneficiaries of the Nazi genocide were the corporate elite, their collaboration with genocidal regimes is uninterrupted. Without the financial support of Wall Street bankers, and collaboration by US, German and Swiss corporations, that provided the chemical, industrial and technological material, Hitler could not have carried out this industrialised unprecedented murderous operations. Among the companies that profited from the Holocaust, Standard Oil and Chase Manhattan, both owned by Rockefellers, IBM, Kodak, Ford, Coca Cola, Nestle, BMW, and of course, [I.G.Farben](#) and [Bayer](#), as well as Escher Wyss & Cie.

I.G.Farben was the largest worldwide profiteer. Using Auschwitz patients as slave labourers, doctors actually sent those deemed to be slave labourers to the I.G.Farben factories and mines, they also had their own camp, they also conducted experiments. I.G.Farben technology facilitated the rapid implementation of the Holocaust. Census data was contained in IBM computer punch cards, the Jews of Europe were quickly identified, rounded up, segregated, deported, tracked, imprisoned, tattooed, enslaved and exterminated.

Covid 19 pandemic has exposed Eugenics driven public health policies in Western Europe and the United States. This is a chilling replay of T4!

Government directives to hospitals and nursing homes, essentially condemned the elderly to death. In Europe and the United States, hospitals were told not to provide medical treatment including oxygen to elderly people in nursing homes, several US governors sent infected elderly people to nursing homes knowing that they lacked essential safeguards to prevent the spread of the virus.

Before he issued the executive order, that sent more than 15,000 human beings to death, Governor Cuomo, New York State, predicted that the virus would be like fire through dry grass in nursing homes. The corporate media, 'Academy of Science', awarded governor Cuomo, an Emi, for his TV performances that were billed as, what were they billed as, there were always euphemisms, the point is he was giving the happenings of how the virus was progressing and what was being done and the implication was the Whitehouse wasn't doing it, so he was doing it for them. Briefings, briefings, that was the term used, we have since found out since the attorney general report, that it was all a lie, and that he concealed the number of deaths, so he knew, when people conceal a crime, they know its a crime.

In 2006, during the Avian Flu epidemic H5N1, a panel of public health officials advised the Bush administration, to institute quarantines and closures and measures lockdowns, their recommendations to consider these lockdowns were completely rejected by Dr Donald Henderson who was an acclaimed real eradicator of among other things small pox and he wrote a report, he was the prime author, there were three of them, the report was in opposition to what he called unscientific measures, and this is what he said,

I quote " Experience has shown that communities faced with epidemics or other adverse events respond best with the least anxiety when the normal social functioning of the community is least disrupted, strong political and public health leadership, to provide reassurance and to ensure that needed medical care services are provided, are critical elements, if either are seen to be less than optimal, a manageable epidemic could move towards catastrophe."

Today, debate is forbidden. A doctor is not allowed to say that! The virus is being exploited to maintain a state of fear, lockdowns in this time around have proved to be a very effective tool for social control, but they failed to change the course of the virus. People are being conditioned, to submit passively to government dictatorships. Children who are deprived of an education, are being conditioned to distrust people. Mandatory masks are an insidious psychological weapon, they demean our dignity as free human beings. They do not work in this, or any epidemic, they are the symbolic equivalent of the yellow star.

Study after study has shown that lockdowns have destroyed the lives and livelihoods throwing millions of people into poverty, even the Wall St Journal has conceded that lockdowns are not worth the pain. However, for global oligarchs, the Covid pandemic has been a financial bonanza. American billionaires increased their personal wealth, by 2.2 trillion dollars, just in 2020.

So I guess, we really can't overlook, the strong financial incentive for lockdowns, that destroy competition, all the local industries in most cities certainly have gone bankrupt, we're supposed to only buy from the large Amazon, this is planned.

Doctors and scientists whose expressed views that challenged dictates, are treated as heretics, they are threatened with loss of livelihood, I am sure you know some of them, anyone who questions the safety of vaccines that have been rushed through operation warp speed, is muzzled and vilified by the media. Now these Covid 19 vaccine contracts under operation warp speed are totally confidential, they've even used a middle contractor, who does things for the military, so that those contracts cannot be acquired under FOIA (Freedom Of Information Act), they are not in government custody, why?

Why the secretiveness?

Why has the [CEO of Pfizer](#), really tried to blackmail Argentina, and Brazil? Others can examine what the financial reasoning for wanting such absolute control and assurance that they could not be sued. I mean going to the extent of requiring them to give their military basis, their banks to get insurance in other countries, I mean all this collateral, why? What does he know that is in the data that we don't know? What is there to hide, no matter that governments have given them immunity? They already have immunity, its not enough.

[Bill Gates](#) stated in 2020, that the final solution, to the pandemic will be a vaccine, you can decide what that means, of course he is referring to — (blank), and he knows he's old enough, but in other words, this is a kind of final solution. To ensure compliance with vaccines, governments have instituted unprecedented aggressive measures. This is primarily to ensure a vigorous cash flow, they are already talking about the vaccines being required every year. Vaccination only began in December, what will their profits look like at the end of 2021?

Dr Fuellmich- Why do you think the corporate and political elites, (although, I think the political elites don't really play a role here), most of the are marionettes, why are they pushing for this, what is the ultimate goal?

Vera Sharav- [Read the Great Reset by Klaus Swab](#), that is a must, there it is laid out, and essentially, its to finish the job, only now its global. Its to go beyond Hitler, Hitler only looked at Europe and taking over Russia but still, he didn't think global. This is global, its about population reduction, that's always been the oligarchs goal since John D, Rockefeller, and power and control, the Technology today is far superior to IBMs punch cards.

What they are doing with this virus is to institute absolutely unprecedented oppressive and repressive elements that imprison us in our homes, we are being tracked, surveyed, you know, the green passports are now being instituted to have an apartheid to class society, one class privileged, the other reviled and discriminated against, sound familiar?

Will Ghettos and Detention camps follow? And how will people be killed? The Nazis used Tattoos to track and identify Jews, so that they don't escape. Well, now we've got invasive tracking surveillance technology, already done, its been developed, thanks to Bill Gates, he financed these. Including chip tattoos, chip tattoos, now this Great Reset is the Master Plan. Just as Hitler had a Master Plan, the Great Reset, or the New World Order, or the Industrial Revolution, this is a plan and its out in the open, its been published. As Klaus Schwab indicated himself, its a wonderful opportunity to reset. Did any of us get informed to a reset of the world?

Well, shouldn't we be asked? This has gone so far, about how the government agencies are giving a pass under the radar, what's all that about? The oligarch already own governments. I don't believe that the virus is the problem, its the eugenics that's the problem. The elites truly believe that they are

Superior and we are Inferior, that is what is driving this. So, money, ofcourse, but power, power is like a drug I think. There are people who are absolutely evil, they do not recognize the human species as being one. Once you start having these two class systems, you will not prevent a global holocaust. And they can do it remotely.

Dr Fuellmich- if we let them...

Schwab Family Values

I want to talk about this newly documented investigative report. It just came out in February, (2021), "Schwab Family Values". You must read that. Father and son, each collaborated with genocidal regimes, with the Nazi Father in one generation, which is continued by the son in this generation, which included the South African apartheid regime. I've been looking for information on him but it was all wiped out, nothing on the internet tells you about Klaus Schwab before 1970, the man was born in 1938, and then when he appeared, suddenly the man had 20 doctorates and Harvard and Kissinger, this is a continuum, the investigation provides the intellectual reasoning, and really its a protocol how they are going to work. They don't just want to control us how they are now, how far distance we stand from one another, and be masked and all that, they also want to control our minds, out thinking, they want to know what we are thinking. They already have the technology, technology has gone way beyond the scope that it should, just as medicine has. Just as government has, government should not be interfering in our personal lives about our medical choices. Where did that come from? It started with the Nazis. My hope, I never thought I would be alive to be again, afraid of the same element, I'm afraid of the same people, I think as a Jew who was persecuted under that regime, I believe that this German youth generation must lead this fight, we are connected, we are the victims, your ancestors were the perpetrators, we now must work together, because each one of us, there is a memory going on in Germany, among Germans, you've got to plug into that, and say this time around, we won't let them get away with it, because its worse.

Dr Fuellmich- we won't let them get away with this and you are right, it is worse.

Vera- There are visionaries, artists, writers, that warned us, warned the Jews. They grasped things before the rest of us do, the tragedy really was that, there were people, who warned people in Eastern Europe, to get out leave, Europe is going to burn down. And of course most didn't, conspiracy theorists, we didn't have that back then but it was thought, what are they talking about, you know. Luckily, my husband's father took this seriously and left, went to Israel and brought the wife and baby and they were saved and they others weren't.

Dr Fuellmich- I think its going to happen again almost the same way, but we will stop them for good.

Dr Fuellmich- Its funny, but we have been interviewing a number of people, who are Jewish or Israeli, and there is a really close cooperation that has come from this and it continues and I think you're absolutely right, it is us, we have to work together in order to stop this. The other day, I spoke with one of the lawyers who we work with, I have set up an international legal cooperation, and it works really, really well. Including the Australians, because the Australians, Canadians and Americans, because its the only one that has the powerful tool of Class Actions and this very powerful tool of pre-trial discovery, which is the best evidence that any law has ever had.

Dr Fuellmich- I spoke with Dr. Swimwood who alerted me to the fact that, close to one hundred years ago, the Canadian Indians, probably the American Indians as well, were used for all kinds of medical experiments. Then I spoke with an old Australian Aboriginal who supports a group of lawyers fighting this in Australia and he says in the 1940s when he was a child, his mother was smart enough to realize and understand the danger of what was going on because they were vaccinating people back then, vaccinating aboriginal people using them as guinea pigs, my mother was smart enough, she took us the children and we moved from one place to another, whenever they came closer. That's how they survived and everyone else died or got seriously ill.

Dr Fuellmich- When I first realized what was going on, I realized this is the worst ever series of crimes against humanity, ever committed, and we are going to have to look back and make use of the [Nuremberg Code](#). You know of course that there is an Israeli couple I am in touch with who filed a complaint with the [Hague Criminal Courts](#) on Nuremberg Code violations by the Israeli government on the people. Good people, I am going to have to talk to them again. As you can see it does seem to be working but no one can do it by themselves, it has to be all of us joining forces, and fighting this together.

Vera- Yes, its very important not to be splintered, its all written out. You can use the master plan, that this is where they're going. And this is not just one person Klaus Schwab, he leads it, he initiated it, but this is a global cabal.

Dr Fuellmich- Yes it is, probably no more than three thousand people, who are at the very top of this. Unfortunately, the oligarchs you are talking about but also the members of the churches.

Vera- [Everyone, has been given grants, or whatever, everyone has been bribed, and working with the media](#), in that sense they've been planning this for a long time. Something that nobody looked at, was that Bill Gates with The Bill and Melinda Gates Foundation, tax exempt, they are very much involved, he was the one who started very early to fund journalists, so in that sense he had already groomed them before they went for their jobs with CNN or whoever, they're already indoctrinated.

Dr Fuellmich-yes that's a major problem, we spoke about this early today, with our chief legal advisor, professor Martin Schwab, (not related!), he alerted our attention to this fact, its the media, mainstream media, we call them the old media, as opposed to the independent media, its the media through which all this propaganda is working and they've been paying them off for a long time, probably at least a decade if not longer.

Vera- And the internet, came about by US military.

Dr Fuellmich-yes, they invested in [Amazon, they invested in Google etc.](#)

Vera- I would love to know what deal was made in 1995, between the US justice department and Bill Gates, at that time he was going to lose everything, they found the goods, and then suddenly, he became a philanthropist, that was how it happened. So the question is what got the justice department off his back?

Dr Fuellmich- there must have been a deal, its very obvious.

Vera- exactly, a lot of these things are like when you look at things it opens one's eyes and you start to understand. The trouble is, again I think this is in preparation, most young people fell in love with the technology. Its addictive. The iphone and android phone is absolutely addictive, you walk along the street and people aren't looking around, they are just looking at their phones. Its almost like a child with a teddy bear, so its going to be hard for them to accept that teddy bear is going to do something against them, they can't believe the tracking that that's been used for. The accumulation of all their personal secrets, relationships and whatever, they cannot connect it, and they think that we're nuts.

"The pandemic represents a rare narrow window of opportunity, to reflect, reimagine, and reset our world, nothing will ever return to the broken sense of normalcy prior to the crisis, because the corona virus problems marks a fundamental inflection point in our global trajectory, what the forth industrial revolution will lead to is a fusion of our physical, digital and biological identity".-

Klauss Schwab, son of a Nazi,
talking about The Great Reset

Can I just quote one thing from Klaus Schwab, "The pandemic represents a rare narrow window of opportunity, to reflect, reimagine, and reset our world, nothing will ever return to the broken sense of normalcy prior to the crisis, because the corona virus problems marks a fundamental inflection point in our global trajectory, what the forth industrial revolution will lead to is a fusion of our physical, digital and biological identity". This is transhumanism in other words, but they're serious. When I first heard about the concept of [transhumanism](#), I said oh that's ridiculous, and that was some years ago, and now here it is. This is what they're planning and they have the technology to do it.

Dr Fuellmich-yes, we are taking this seriously, okay, so we have to know what's going on, if we don't know what's going on, we are not going to make the right choices. That's why I am extremely grateful for you being here, we will stay in touch, I think we must stay in touch, and we will stop this.

Vera-so far they have succeeded in, people prefer to look the other way, and they don't realize that their entire life is, they've got people convinced that keeping physical distance and being masked is doing the civic thing, that they're being good citizens.

Dr Fuellmich- Thank you Vera, we will be in touch, and I think we can, hopefully moving in the right direction from here on, and we will be able to talk to you again, under better circumstances, but up and till then we will keep in touch. Thank you very much, this was shocking but very helpful
